About us

Based in Brescia, Italy, as an organisation we - at Afrismo - strive to create unique opportunities to learn languages, travel, volunteer in Africa and discover new cultures.

We believe that there is much more to learning than just spending time on books. To us, learning is also about personal growth, live memorable experience, give back to the society and go places.

Why choose this experience?

1

Personal and intercultural growth:
learn to adapt, communicate in
different contexts and develop
independence and empathy.

2

Tangible and different professional
experience: observe different health or
school systems, acquire practical skills
and spirit of initiative.

3

Human and ethical impact:
truly contribute to the community and
acquire a more informed view of the
world and your profession.
